Daytona Beach Fla.

Dear Doctor:

I was certainly glad to hear from you. I had began to think my letter to you must have gone astray. I had just started to look for some place else to train. However from the tone of your letter I have decided I would like to come to Daytona Beach.

I have just returned from Chicago where the two leagues met jointly. I believe this should be a good year. Every one is working, or will be by the time we start to play. We open the season May 10th, so if I cannot come to camp until the 5th that will give me time enough. Are you sure we can have the park the 5th? I wouldn't want to start any later. I have arranged games with Birmingham Black Barons from the 27th on, so that means we would be in Daytona Beach until we leave for these games. I have two dates in Jacksonville April 20th and 21st, but I am sure we would not break camp for them. The only Sunday we do not have booked is Easter. Do you think it would do any good to play in Daytona Beach. If so let me know at once and I will try and get The Grays or some team to come there and play me.

Please let me know in your answer what the cost of room and board will be. I think I will have about 20 men. Now please let me hear from you right away, as the time is really not far off.

Very Truly Yours
